

Serial No. : 07/577,741  
Filed : September 4, 1990

the purpose of expediting the issuance of the claims that have already been allowed. Cancellation of Claims 32-62 should in no way be construed as an admission by Applicant that those claims are not allowable, or that the subject matter of the claims is being abandoned. Applicant intends to submit a continuation application to pursue Claims 32-62, as well as other claims, directed to the subject matter of the present invention.

Applicant also intends to pursue the subject matter of Claims 63-68, which have been restricted, in a divisional application to be filed at a later date. Thus, the failure to file a divisional application associated with this application should not be construed as an abandonment of those claims or the subject matter contained therein.

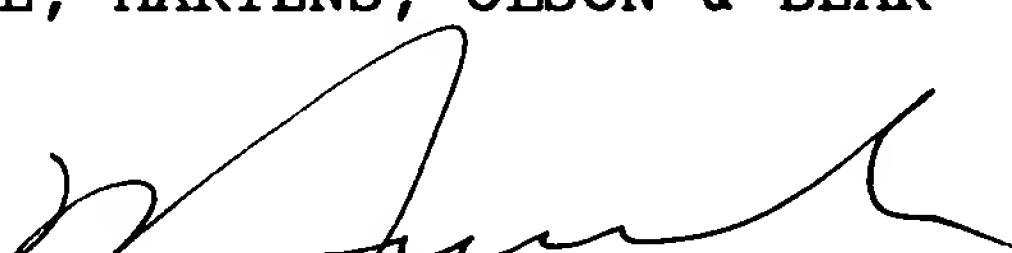

For the foregoing reasons, Applicant respectfully submits that the rejections in the outstanding Office Action are no longer applicable to the present claims. Accordingly, early issuance of a notice of allowance is most earnestly solicited.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR
